Just wanted to let you know that my dad is back home now. He is still very weak and cannot do much on his own, but they have regulated his heart by changing his medicine. His defibrillator has gone off a total of 17 times, but none since last Friday. My mom is now finished with her radiation, but her leg is still in a lot of pain from the surgery and it is now infected. (Jonathan)

quotes:

"Human beings, who are almost unique in having the ability to learn from the experience of others, are also remarkable for their apparent disinclination to do so."

Fear imprisons, faith liberates.
Fear paralyzes, faith empowers.
Fear disheartens, faith encourages
. Fear sickens, faith heals.
Fear makes useless, faith makes serviceable.

Most of all, fear puts hopelessness at the heart of life, while faith rejoices in its God.

Satan has many tools, but a lie is a handle that fits them all.

You can have tons of religion without having one ounce of salvation.

Success come in cans, not can'ts.
